

SCOE School of Education TEACHER INTERN PROGRAM and Elk Grove Unified School District, in partnership with , **Genentech** are pleased to announce the REACH FOR THE UPSIDE grant.

RECRUITING AND RETAINING

TEACHERS OF COLOR

Teachers today largely do not reflect the ethnicities and/or experiences of the students they teach. In recent years National, State and District initiatives have been implemented to increase the number of teachers that reflect the diversity of our communities. This opportunity will increase the number of teacher candidates of color in our local schools. We are looking for candidates that meet qualifications and experiences to become a Genentech Fellow.

Become a Genentech Fellow

Through the Genentech grant, candidates of color pursuing credentials in

- ▶ Multiple Subject
- ▶ Single Subject Math/Science
- ▶ Education Specialist

Selected applicants will receive

- ▶ scholarship to assist with the Preservice and Teacher Intern Program tuition
 - ▶ teaching position in Elk Grove Unified School District
- ▶ additional year of mentor support after completion of the program
- ▶ potential to join the EGUSD Classified team during preservice

Attend an Information Session for the Teacher Intern Program
September 8, 2021 or September 16, 2021
